Britni Graves	Cooper Cecil
Aidan Gaskins	Blevin Slone
Seth Chappell	Justyn Webber
Lexie Abbott	Rebekah Gilkison
Yancey Sizemore	Katie Marshall
Charles Hannan	Kayla Perry
Thomas Bennett	Zach Watson
Ethan Woolums	Shaun Palmer
Tyler Younger	Sierra Newton
Bradley Whiley	Sheldon Brumback
Julia Blackburn	Ashley McDonald
Bailey Harrod	Amber Gunnell
Katie Grasch	Nick Estill
Donald Sizemore	James Robertson
Cody Doss	Tyler Atkinson
Thelma Boateng	Grady Lee
Abbi Peck	Kobie Brownlee
Taylor Risk	

Spotlight: Allied Health

The Allied Health Courses teach young students how to prepare for professions in the medical field. The courses offered include Medical Terminology, Emergency Procedures, Medical Math, and Principles of Health Science. These courses are taught by Mrs. Meador. The classes provide core knowledge necessary for the health care field. HOSA is the student organization for health science students. This organization allows students to train and compete in areas that align with the students' health care goals. HOSA students get the chance to go to state competition and compete against other students in their events that focus on specific occupations of interest. This exposes them to aspects of their future health career. Also, as seniors, students in the allied health career pathway get the opportunity to participate in work-based learning at various health care facilities and businesses. This is a great experience that allows them to pursue a career in which they are interested.

Jooba Jokes

Doctor: Well, I have some bad news and some really bad news.

Man: Well, give me the really bad news first.

Doctor: You have cancer, and only 6 months to live.

Man: And the bad news?

Doctor: You have Alzheimer's disease.

Man: That's great. I was afraid I had cancer!

Principal's Corner

"The total distance from thought to action is equal to the distance from the mind to the heart."

-Mr. Hardin

Community Connect

As most people know, at the beginning of the school year, Bradley Camic, a junior at Frankfort High School was diagnosed with viral encephalitis after suffering a seizure at soccer practice. Bradley Camic unfortunately passed away. In his honor, Frankfort High School is conducting a fundraiser to build benches. "Benches for Bradley" is the name of the fundraiser. Schools around the county are coming together to collect plastic tops to work toward the goal of 400 pounds of plastic. Tops off of things such as water bottles, milk jugs, cottage cheese containers, and even the tops off of spray paint cans all contribute to this cause. The three organizations here at the CTC are competing to see who can collect the most plastic. HOSA, TSA, and Skills USA have until December 11th to collect as much plastic as possible. The winning Club gets a pizza party. You too can participate in this act of kindness. You can drop off your plastic here at the CTC, Frankfort High School or Second Street School.

HOSA Officers Go To Conference

On October 4th and 5th FCCTC HOSA Officers attended Kentucky leadership Training Institute in order to learn the principles of HOSA and holding a leadership position within HOSA. Each officer along with other local Chapter officers from across the state participated in classes taught by Kentucky HOSA state officers in order to learn how to do their role effectively and grow as leaders. FCCTC's HOSA officers all earned their statesmen award while at KLTI. Treasurer Delyla Oldham (pictured below on the right) placed second in the state in the Healthcare issues exam.

Officers pictured (Left to right) Treasurer: Delyla Oldham, Secretary: Darien Metts, Historian: Rebekah Gilkison, VP: Saisindhu Marella, and President: Chase Stone

GLAD

G – Give your best to get the best

L – Love what you are doing

A – Advance your learning

D – Demonstrate 21st Century Skills

Dates to Remember

Nov. 2nd District Staff Day (no school)

Nov. 3rd- Election Day (no school)

Nov. 25th—27th—Thanksgiving Break (no school.. Duhhh!!!)

Faculty Fame

Mrs. Mason is the October Faculty Fame! At the FCCTC, Mrs. Mason teaches Digital Electronics during 5th period. Mrs. Mason loves teaching her class. She has been teaching for 25 years now. Her favorite thing about the CTC building is how clean it is. Something you might not know about Mrs. Mason is, she teaches Sunday school for 3rd to 5th graders.
