

CHANGES TO OUR FEEDING SITES/ROUTES:

Beginning Monday, April 6th our feeding sites will be open on Mondays and Thursdays only. During those days, we will distribute bulk meals to students (3 breakfasts and 3 lunches). Parents/guardians may pick up the bulk meals (one per child) – the child does not have to be present. This will be our new schedule and will continue weekly thereafter.

We have made changes to our feeding routes and have added extra stops and an extra curbside service at Collins Lane Elementary School. Please see below for those changes. To increase efficiency and to be able to serve even more families during this time, we will no longer be delivering meals to individual homes.
