NOTIFICATION OF FERPA RIGHTS

The Family Education Rights and Privacy Act (FERPA) affords parents and "eligible students" (students over 18 years of age or students who are attending a postsecondary institution) certain rights with respect to the student's education records. They are:

Parents or eligible students may ask the district to amend a record that they believe is inaccurate, misleading, or in violation of privacy or other rights. They should write the school Principal, clearly identify the part of the record they want changed, and specify why it is inaccurate, misleading, or in violation of their privacy or other rights.

If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise him/her of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

ATTENDANCE POLICY

Except as provided in KRS 159.030, all children in the district who have entered kindergarten or who are between the ages of six (6), as of August 1, and eighteen, except those specifically exempted by statute, shall enroll and be in regular attendance in the schools to which they are assigned. A child who is five (5) or who may become five (5) years of age by August 1 may enter primary school and may advance through the primary program without regard to age in accordance with KRS 158.031.

ABSENCES AND EXCUSES

How Parents Encourage, Promote & Ensure Regular Attendance

- Make attendance and academics a priority. Let children know that school attendance and homework come before time with friends, extracurricular activities or the computer.
- Make medical and other appointments during non-school hours whenever possible. Schedule family vacations during school holidays or the summer break so that students are not missing important lessons and struggling to make up for lost time.
- Stay home only when really sick. Most children will have occasional sick days. Children need to know that, unless they are truly sick, you expect them to go to school every day and do their best while there.
- Communicate with school staff. If possible, let the school know in advance if your child is going to be absent or if you have concerns about your child's attendance or school performance.
- Get organized. Create a space in your home for children to store backpacks and other supplies. Develop a routine where children have their homework done, classroom materials together and their bags packed the night before school.
- Set reasonable bedtimes. On average, school aged children need about nine hours of sleep to be healthy and alert. Reinforce reasonable bedtimes for children of all ages and, when they become teenagers, encourage them to get up and get ready on their own.
- Communication to children high school age. Good school attendance shows potential employers that they are reliable and dependable.

Pupils are required to attend regularly and punctually the school in which they are enrolled.

Truancy Defined

Any pupil who has been absent from school without valid excuse for three (3) days or more, or tardy without valid excuse on three (3) days or more, is a truant. A pupil who has been reported as a truant two (2) or more times is a habitual truant.

Habitual truants shall be reported to the counselor and the Principal, and then to the office of the Director of Student Services, all of whom shall take the appropriate action. Written notification is to be made to the parent/guardian.

Absence Defined

Absence is defined as non-attendance in either an individual class or absence for the day.

A pupil who misses sixty (60) minutes or less of the regularly scheduled school day is recorded as tardy. A pupil absent for more than sixty (60) minutes of the regularly scheduled school day is recorded for the actual percent of the day missed. A pupil absent for the entire regularly scheduled day is recorded absent for 100 percent of the school day. Calculations are made based on the cumulative time missed during the regularly scheduled school day. The criteria are

applicable regardless of the length of the scheduled school day and apply to all grade levels including entry level through the 12th grade.

After ten (10) absences, whether excused or unexcused, students shall be required to present a Franklin County Schools' Medical Excuse Form completed by the student's physician to receive an excused absence.

Tardy Defined

A pupil who misses sixty (60) minutes or less of the regularly scheduled school day is recorded as tardy.

After ten (10) tardies, whether excused or unexcused, students shall be required to present a Franklin County Schools' Medical Excuse Form completed by the student's physician to receive an excused absence.

Excused Absences

Parent/legal guardian notes for five (5) absences for elementary, middle, and high school students will be accepted as excused absences during the school year. Reasons for excused absences or tardiness include the following:

1. Death or severe illness in the pupil's immediate family.
2. Illness of the pupil.
3. Religious holidays and practices.
4. One (1) day for attendance at the Kentucky State Fair.
5. Documented military leave.
6. One (1) day when service member is deployed.
7. One (1) day when service member returns from deployment.
8. One half (.5) day for permit test or driver's exam.
9. Visitation for up to ten (10) days with the student's parent, de facto custodian, or person with legal custody who, while on active military duty stationed outside of the country, is granted rest and recuperation leave.
10. Ten (10) days for students attending basic training by a branch of the United States Armed Forces.
11. Other valid reasons as determined by the Principal, including trips qualifying as educational opportunities (refer to Board Policy 09.123 AP.2). Students shall be granted an excused absence for up to ten (10) school days to pursue an educational enhancement opportunity determined by the Principal to be of significant educational value.

Unless the Principal determines that extenuating circumstances exist, requests for day(s) falling within State or District testing periods shall not be granted.

The Principal's determination may be appealed to the Superintendent/designee whose decision may then be appealed to the Board under its grievance policy and procedures.

Students receiving an excused absence under this section shall have the opportunity to make up school work missed and shall not have their class grades adversely affected for lack of class attendance or class participation due to the excused absence.

After ten (10) absences, whether excused or unexcused, students shall be required to present a Franklin County Medical Excuse Form or verification by the Director of Student Services in order to excuse additional absences. Admissions and Release committees and Section 504 Teams are expected to be involved in such cases where a shortened school day is deemed appropriate. Students with early checkout from school due to illness must see the school nurse, if one is assigned to the school, before the checkout will be considered excused for illness.

Parents will be notified by mail after six (6) unexcused absences and or tardies.

Notes Required

When students return to school following an absence, they shall bring a written or electronic note signed by their parent or doctor/medical excuse, which specifies the reason for the absence within five (5) school days. Failure to bring a note within five (5) days will result in unexcused absence(s).

Make-Up Work

Students shall be required to make up work missed during all absences. However, unless they have obtained written consent of the Principal/designee, pupils shall not be allowed to make up tests missed due to an unexcused absence. Students shall be responsible for contacting teachers concerning make up work after returning to school. Student's make-up work must be completed within the number of days missed, plus 1. Example, if a student misses two days, they have three days to complete their make-up work.

Consequences

Prior to filing legal charges for habitual truancy, Division of Student Services personnel shall review each referral, send a final notice, provide assistance and take necessary steps to improve attendance.

A parent, guardian, or custodian of a child residing in any school district in this state is legally responsible for any violation of attendance laws, KRS 159.010 and KRS 159.170. Non-compliance may result in legal charges against the parent and/or the student.***

Prescription drugs are to be possessed only by the person named on the prescription and shall be used in accordance with the prescription for medicinal purposes.

1. If the Principal or Assistant Principal determines that prescription drugs were used in an unauthorized way or transmitted for use by another student this shall constitute a reason for disciplinary action of up to a three days suspension. Due process procedures for suspension shall apply.

CASES INVOLVING STUDENTS WITH DISABILITIES

In cases which involve students with disabilities, the procedures mandated by federal and state law for students with disabilities shall be followed.

DISCIPLINARY CONSEQUENCES

STUDENTS WITH DISABILITIES

In cases which involve students with disabilities, the procedures mandated by federal and state law for students with disabilities shall be followed. (Students with disabilities who are eligible for services under federal law may be expelled for behavior unrelated to their disabilities, as long as legally required procedural safeguards are followed. Consideration of appropriate educational services must be made as to both IDEA and 504 eligible students who are expelled.)

In cases involving sanctions other than suspension or expulsion, students with disabilities are generally subject to discipline as any other student unless the individualized program devised for the child provides otherwise. In cases of serious disciplinary action involving students with

disabilities, suspension and expulsion may be disciplinary options insofar as consistent with the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. section 1400, et seq. or Section 504 of the Rehabilitation Act of 1973, and corresponding state law and regulations. See particularly KRS 158.150 and 20 U.S.C. section 1415. In addition, children identified with disabilities may be subject to placement in interim alternative educational settings in the case of disciplinary infractions involving weapons or drugs or having inflicted serious bodily injury upon another person while at school or school function insofar as consistent with the foregoing statutory provisions and corresponding regulation.

BEHAVIOR CONSEQUENCES

BEHAVIOR CONTRACTS

Behavior problems in school may result in placement of a student on a behavior contract, the length and substance of which will be determined by the principal or assistant principal in consultation with teachers and/or school psychologist. Behavior expectations required by the school and consequences for failing to meet those expectations will be specified in the behavior contract. These consequences may include, but are not limited to, the following: Extended Detention, STEP, suspension from school, suspension from participating in, or attending, extra-curricular activities, or an alternative placement. School counseling may be required as a component of a behavior contract. The behavior contract should be signed by the student, the parent/guardian, if the student is under the age of 18 years of age, or notation that the opportunity was provided, and the principal/assistant principal. A copy of the contract will be maintained in the principal's office. Contracts become part of a student's discipline record.

DETENTION/EXTENDED DETENTION

Detention/Extended Detention is a disciplinary program where students are kept for a period of time before, during or after school. This program is intended to provide constructive and meaningful disciplinary action. The hours of Detention/Extended Detention will be determined SBDM policy at each school. Detention/Extended Detention may be utilized as a disciplinary action by the principals or may be assigned by a teacher or team. Students entering Detention/Extended Detention are required to bring appropriate school assignments and materials.

STEP (Successful Teamwork for Educational Progress)

Placement in a STEP room may be used as a disciplinary action. Assignment of the STEP room will be made only by principals and assistant principals. The student in STEP may talk with the STEP teacher or another school official. The student may not talk with any other student in STEP.

The student in STEP may not participate in or attend any group function before or during school hours on a day the student spends in STEP. Lunch will be eaten in the STEP room.

The STEP room is to be equipped with an individual study area to help students focus on classroom assignments. Regular classroom teachers will send assignments to the STEP room. Work completed in STEP will count toward course credit.

Inappropriate student behavior in the STEP room may result in additional time, or the student being suspended. Refusal to serve STEP will be considered as insubordination and may result in the student being suspended, after which the student may be required to serve in STEP as assigned.

EDCATS

Placement at The Academy in the EDCATS classroom may be used as a disciplinary action. Assignment of EDCATS will be made only the principal or assistant principals. EDCATS is used as an alternative to suspension as student are counted in attendance, but will be educated at the alternative school during the duration of their assignment. Students will report to their home school as normal and will be transported to The Academy by Franklin County Schools Transportation. Students will then be transported back to their home schools for dismissal.

CORPORAL PUNISHMENT

Corporal punishment is defined as the deliberate infliction of physical pain by any means upon the whole or any part of a student's body as a penalty or punishment for student misbehavior. No person employed or engaged by any elementary or secondary school in this school district shall intentionally inflict, or cause to be inflicted, corporal punishment or bodily pain upon a pupil. Corporal punishment is prohibited.

SUSPENSION

The Kentucky State Law requires teachers and administrators to hold students strictly accountable for their conduct during the entire school day. Section 161.180 of Kentucky Statutes reads as follows:

“Each teacher and administrator in the public schools shall in accordance with the rules, regulations, and bylaws of the board of education made and adopted pursuant to KRS 160.290 for the conduct of pupils, hold pupils to a strict account for their conduct on school premises, on the way to and from school, and on school-sponsored trips and activities.”

KRS 158.150 states:

- (1) “All pupils admitted to the common schools shall comply with the lawful regulations for the government of the schools:
 - (a) Willful disobedience or defiance of the authority of the teachers or administrators, use of profanity or vulgarity, assault or battery or abuse of other students, the threat of force or violence, the use or possession of alcohol or drugs, stealing or destruction or defacing of school property or personal property of students, the carrying or use of weapons or dangerous instruments, or other incorrigible bad conduct on school property, as well as off school property at school-sponsored activities , constitutes cause for suspension or expulsion from school;”

The Principal or assistant Principal may suspend a pupil up to a maximum of five (5) days per incident. The Superintendent may suspend a pupil up to a maximum of ten (10) days per incident or until the hearing before the Board of Education is held with the provision of supplemental due process, consisting of a further review of the facts and consideration of any mitigating factors offered by or on behalf of the student. There will be the provision of appropriate educational services in an alternative setting determined by Superintendent or Designee in consultation with other school district personnel having knowledge of the educational needs of the student. The Superintendent, principals, and assistant principals are empowered to suspend students. Principals and assistant principals shall report any such action in writing to the Superintendent and/or Designee and to the parent or guardian. If possible, the parent or guardian should be contacted immediately. If the Superintendent and/or his/her designee or principal believes that immediate removal is necessary to protect persons, property, or to avoid disruptions of the academic process, the student may be removed immediately with

the notice of charges to be given and the conference to be held with the student as soon as possible after the removal has been instituted. Otherwise, suspension shall be made according to the due process procedure described below:

1. Oral or written notice of the charges which constitutes the cause for suspension must be given to the student.
2. The evidence supporting the charges must be explained to the student if student denies the charges.
3. The student must be given the opportunity to respond to the charges.
4. Suspension cannot be appealed above the building level.

School work missed by a student during a suspension is not allowed to be made up. An exception to this policy is that the principal may allow a pupil to make up test(s) missed due to an unexcused absence within five (5) days from the return date; unless the principal grants a longer extension.

Prior to readmission to school, a conference may be held between the official who meted out the suspension and the student and the parent(s) or guardian(s).

EXPULSION

The Kentucky State Law requires teachers and administrators to hold students accountable for their conduct during the entire school day. KRS 161.180 of Kentucky Statutes reads as follows:

"Each teacher and administrator in the public schools shall in accordance with the rules, regulations, and bylaws of the board of education made and adopted pursuant to KRS 160.290 for the conduct of pupils, hold pupils to a strict account for their conduct on school premises, on the way to and from school, and on school-sponsored trips and activities."

KRS 158.150 (1) states:

"All pupils admitted to the common schools shall comply with the lawful regulations for the government of the schools:

(a) Willful disobedience or defiance of the authority of the teachers or administrators, use of profanity or vulgarity, assault or battery or abuse of other students, the threat of force or violence, the use or possession of alcohol or drugs, stealing or destruction or defacing of school property or personal property of students, the carrying of use of weapons or dangerous instruments, or other incorrigible bad conduct on school property, as well as off school property at school-sponsored activities, constitutes cause for suspension or expulsion from school;"

KRS 158.150 (2) states:

(a) "Each local board of education shall adopt a policy requiring the expulsion from school for a period of not less than one (1) year for a student who is determined by the board to have brought a weapon to a school under its jurisdiction. In determining whether a student has brought a weapon to school, a local board of education shall use the definition of "unlawful possession of a weapon on school property" stated in KRS 527.070.

The board may modify the expulsion requirement for students on a case-by-case basis. A board that has expelled a student from the student's regular school setting shall require the Superintendent or Designee to take reasonable steps that the educational services that the educational services are provided to the student in an appropriate alternative program or setting, unless the board has, on the record, made a determination supported by clear and convincing evidence, that the expelled student poses a threat to the safety of other students or school staff

and cannot be placed into a state-funded agency program. Other intervention services as indicated for each student may be provided by the board or by agreement with the appropriate state or community agency. A state agency that provides the service shall be responsible for the cost. In determining whether a student has brought a weapon to school, a local board of education shall use the definition of ‘unlawful possession of a weapon on school property’ stated in KRS 527.070.”

Expulsion shall mean that the pupil is excluded from school from the date of the violation or for a specified period not to exceed one school year. In the case of a student bringing a weapon as described in KRS 158.150 (2) to school, expulsion means exclusion from school for a maximum of one calendar year, subject to reduction by the Board on a case by case basis. An exception may be made for students participating in an authorized curricular or extra-curricular activity or team involving the use of firearms and to those persons listed in KRS 527.070.

When charges are made against a student and expulsion is recommended, the Superintendent may conduct a preliminary conference with the student. At this conference, the pupil will be given the opportunity to admit or deny the alleged misconduct. Regardless of the plea, the student is entitled to a procedural due process hearing before the Board. The full procedure shall include:

1. The Superintendent shall notify the student and the parents/guardians, with a written and/or oral statement setting forth charges which, if proven, would justify expulsion under the law. This statement shall be presented adequately in advance of the hearing to allow the student to prepare a reasonable defense and not less than five calendar days, excluding weekends and legal holidays for which school is not in session for students. The parent shall respond to the notification within five days of receipt of the notification.
2. Administrators have the primary responsibility and particularized knowledge to investigate the incident(s) and to determine the reliability of the witnesses and the evidence. In certain cases when it is necessary to protect the safety and anonymity of witnesses, school administrators may present the findings of the investigation conducted to the Board.
3. During the hearing, the student and the parents/guardians shall be afforded the opportunity to present to the Board, by oral or written testimony, a defense to the charges. This defense may include the introduction of a reasonable number of witnesses on the student’s own behalf.
4. Should the student and the parent/guardian desire, they may be accompanied and represented by legal counsel with no cost to the school district. If this is desired, they must notify the Superintendent of this intention so that the Board attorney may also be present.
5. The student is entitled to an expeditious handling of their case, careful reflection by the Board, and a prompt decision.

DUTIES AND RESPONSIBILITIES ASSOCIATED WITH EXPULSION

STEPS FOR EXPULSION

When a student's misconduct results in a recommendation for expulsion, the following steps should be followed:

School Level:

The principal/designee should exercise reasonable discretion in conducting an investigation.

Central Office Level:

1. Consult with principal and appropriate personnel the reasons for expulsion.
2. Review evidence.
3. Review school law.
4. Make decision for dispensation of the case.
5. If expulsion is recommended, notify the student and parent(s)/guardian(s) of the charges and hold a pre-expulsion conference if requested by the parent/guardian.

Board Office Level:

It is the duty and responsibility of the Board of Education to:

1. Conduct an expulsion hearing that will be at the minimum audio recorded and witnesses sworn by a notary or Board of Education chairperson.

3. Determine whether educational services are to be provided. Services will be required unless the Board determines on the record as supported by clear and convincing evidence that the expelled student poses a threat to the safety of other students or school staff and cannot be placed in a state-funded agency program. The Board's decision shall be final.

EXPULLED/CONVICTED STUDENTS

The parent, guardian, Principal, or other person or agency responsible for the student shall provide to the school prior to admission, a sworn statement or affirmation concerning any of the following that have occurred in or outside of Kentucky:

2. If a student has been adjudicated guilty/convicted of, homicide, assault, or an offense in violation of state law or school regulations relating to weapons, alcohol, or drugs.

The sworn statement or affirmation shall be a form provided by the appropriate state agency and shall be sent to the receiving school within (5) working days of official notification that a student has requested enrollment in the new school. A student who is suspended or expelled for any reason, or faces charges that may lead to suspension or expulsion, but withdraws from a public or private school in Kentucky or other state shall be subject to a review of the details of the suspension, expulsion or charges. The District will determine if the student will be admitted and may impose conditions for admittance.

Conduct fitting the above definitions and other similar definitions which injures, degrades or disgraces the victim, disrupts the educational process and/or interferes with other students' opportunities to obtain an education, will be subject to disciplinary action. Students should generally maintain a "hands-off" policy with regard to other persons' bodies and possessions, and no student should engage in behavior toward someone else which they would not want directed toward themselves (follow the "Golden Rule"). Students who witness any of these behaviors list above or who are subject to these behaviors are encouraged to report the behavior to a teacher or other staff member. “Harassment” and “Harassing Communications” under the category of “Bullying” are separate from the definition of “Harassment/Discrimination” which involves behavior based on race, color, national origin, age, religion, sex or disability. However, a report of a violation of this section will be evaluated by school personnel to determine whether it should be treated as a report of harassment/discrimination which would require an investigation under the “Harassment/Discrimination” section of this Code of Acceptable Behavior and Discipline.

HARASSMENT/DISCRIMINATION

The Franklin County Board of Education has adopted policies ensuring that students are not denied equal education opportunities and do not suffer harassment. No discrimination is allowed on the basis of race, color, age, sex, religion, national origin, economic status, marital or parental status, political beliefs, or disabling conditions. 5. Seeking to involve students with disabilities in antisocial, dangerous or criminal activity where the students, because of disability, are unable to comprehend fully or consent to the activity.

2. The Principal (or Superintendent's designee) shall promptly investigate the allegation, may attempt to resolve the issues presented, shall keep the Superintendent advised, and may take corrective measures if warranted. See Board Policy 09.42811.
3. District employees involved in the investigation of the complaints shall respect, as much as possible, the privacy and anonymity of both victims and persons accused of violation.

The Franklin County Board of Education intends that the program shall be in full compliance with the Title IX Federal provisions and with the provisions of all Disability Education Acts.

General Any student who wishes to express an educational concern or grievance shall observe the following order of appeal:

1. From Student to Teacher;
2. From Teacher to Principal;
3. From Principal to Superintendent/Designee;
4. From Superintendent to Board

The order of appeal shall not be construed to mean that students are not free to confer with the Superintendent or Board whenever they so wish.

Exception Sexual harassment allegations shall be governed by Policy 09.42811. See Harassment and Discrimination.

1. The student or parent shall discuss the issue with the teacher. The teacher shall make a decision and give that decision to the grievant within five (5) school days after the discussion.

502-695-6700

5. The decision of the Director of Student Services may be appealed by filing a formal written complaint with an Assistant Superintendent within (5) school days of receipt of the decision.
6. The decision of the Assistant Superintendent may be appealed by filing a formal written complaint with the Superintendent within five (5) school days of receipt of decision.

At each level of the above procedure, the designated administrator shall notify the student or parent of the decision within five (5) school days of receipt of grievance. If the student or parent and the administrator meet to discuss the issue, the administrator may notify the student or parent of the decision at the end of the meeting.

7. If the issue is not resolved by the Superintendent, the student or parent may appeal to the Board of Education, in writing, within five (5) school days of receipt of the Superintendent's decision. The Board of Education shall have the discretion to decline to consider appeals involving matters outside its area of authority, such as grievances relating to personnel matters or implicating the need to take personnel action. The Board of Education may hear the appeal at the next regularly scheduled Board meeting, providing it is received at least five (5) school days prior to the meeting date. Otherwise, the appeal will be heard at the next Board meeting following the conclusion of the five (5) school day period.

Equal opportunities shall be provided to all persons throughout Franklin County School District with access to and participation in the educational programs without regard to race, ethnic origin, sex, genetics, disability, color, creed, religion or national origin.

PHYSICAL RESTRAINT AND SECLUSION

DEFINITIONS

Physical Restraint means a personal restriction that immobilizes or reduces the ability of a student to move the student's torso, arms, legs or head freely.

Seclusion means the involuntary confinement of a student alone in a room or area from which the student is prevented from leaving, but does not mean classroom timeouts, supervised in-school detentions or out-of-school suspensions.

Physical Restraint

Use of physical restraint by all school personnel is permitted when a student's behavior poses an imminent danger of physical harm to self or others in clearly unavoidable circumstances. In such situations, staff who have not had core training may physically restrain students, but shall summon core trained school personnel as soon as possible.

In situations involving use of physical restraint (including restraint by core trained personnel):

- The student shall be monitored for physical and psychological well-being for the duration of the restraint.

- Personnel shall use only the amount of force reasonably believed necessary to protect the student or others from imminent danger of physical harm.

Seclusion

Seclusion may be implemented only if: the student's behavior poses an imminent danger of physical harm to self or others; less restrictive interventions have been ineffective in stopping the imminent danger of physical harm; the student is monitored visually for the duration of the seclusion; and staff are appropriately trained to use seclusion.

All school personnel shall be trained annually to use an array of positive behavioral intervention supports (PBIS) and interventions and as further required by 704 KAR 7:160. A core team of selected school personnel designated to respond to dangerous behavior and to implement physical restraint of students shall receive additional yearly training in the area required by 704 KAR 7:160. Exception: Core team members who are school resource officers or other sworn law enforcement officers are not required to undergo this training). The Superintendent shall develop procedures to be followed during and after each use of physical restraint or seclusion to include the following:

1. Documentation of the event in the student information system
2. Notice to parents
3. A process for the parent or emancipated youth to request a debriefing session

All incidents involving physical restraint or seclusion shall be documented by a written report of each use by the end of the next school day, and the documentation shall be maintained in the student's education record.

If the parent or emancipated student requests a debriefing session following use or parental notification of the use of physical restraint or seclusion, individuals who are to participate shall be those specified by state regulation. A requested debriefing session shall occur as soon as practicable, but no later than a five (5) school days following receipt of the request from the parent or emancipated youth, unless a meeting is delayed by written mutual agreement of the parent/emancipated student and the school. The debriefing session shall address elements specified by state regulation, and all documentation used during the session shall become part of the student's education record. (See 704 KAR 7:109 and Board Policy 09.2212).

SEARCH AND SEIZURE

Because of the obligation to protect the health, safety, and welfare of students, a principal may search the person and/or the property of a student and confiscate weapons, alcohol, drugs, tobacco products, or other illegal or unauthorized articles as long as principal has reasonable suspicion under the circumstances that the particular student to be searched has or is violating a law or school rules and the scope of the search is reasonably related to its initial objectives and not overly intrusive given the particular student's age, sex, or nature of suspected infraction (OAG 91-9). Another staff member shall be present with regard to any such search, unless there are extenuating circumstances.

Lockers remain the property of the Franklin County Board of Education. In regulating and supervising locker use, school administrators act as agents of the owners, the Franklin County Board of Education. Locker inspection searches are not carried out as a harassment technique, but may be conducted periodically on a routine basis. Searches shall be conducted when the principal or assistant principal reasonably suspects that a situation exists or materials are present which could be injurious to the health, safety, and welfare of students. The principal is charged with the obligation of orderly school operation. Bearing the above in mind, the principal shall conduct a locker inspection when it is felt that the health, safety, and welfare of students are, or may be, threatened. Objects or materials which pose such a threat may be confiscated.

Student Responsible Use Policy Franklin County Schools Electronic Resources

Access to a variety of forms of electronic information is currently available to students in the Franklin County Schools (FCS). The access is being offered as part of the Kentucky Education Technology System (KETS) involving the Franklin County Schools (FCS) and the Kentucky Department of Education (KDE). It is expected that students will use this access for educational purposes – to conduct research, share resources, create projects, and to communicate with other students and educators.

The Franklin County School District firmly believes that there is significant educational value on the provided local network and internet and understands the risk that users may find material that is not consistent with the educational goals of the school district. One of our goals is to support students in responsible use of the vast reservoir of information available on the Internet and to provide a suitable structure to remove accidental discovery of inappropriate material as well as increase the level of difficulty for users deliberately seeking inappropriate materials. The FCS maintains the right to limit access to software and/or documents found either on FCSNet or the Internet, via technical or human barriers.

General Standards

Students under the age of 18 must have parental permission to access the Internet.

Internet Access Software

All students should use their assigned network login account to log in to the FCSNet. Elementary students may be logged in to the network by the teacher or designated adult using the classroom account.

Confidentiality

Students are not permitted access to confidential information related to student assessment, grades, or assignments, other than their own personal data. This information is defined by law as confidential. Network security requires proper authorization for any user to access confidential information.

Audit of Use

It is important to note that while privacy is generally respected, the School Technology Coordinator, Computer Technicians, Network Administrator, and the Chief Information Officer have the right to access information stored in any student directory. Network storage belongs to the school district, not the end user. Student e-mail is not guaranteed to be private. District network administrators have access to all e-mail. Messages relating to or in support of illegal activities may be reported to the State or Federal authorities.

Users with network access shall not utilize District resources to establish or connect to electronic mail accounts through third party providers (not provided by FCS or KDE) or any other nonstandard electronic system. Proxy blocks and filters are in place to protect students from inappropriate material on the network. District technology personnel monitor online activities of students. These efforts, along with third party providers are made to restrict or to remove access to controversial materials that are prohibited by law.

FCS-Net Terms and Conditions

1. Responsible Use – The purpose of FCSNet and connection to the Internet is to support education. The use of the student's account must be in support of education and academic research and consistent with the educational objectives of the FCS. Transmission of any material in violation of any U.S. or State regulation is prohibited.

This includes, but not limited to: copyrighted material, threatening or obscene material, or material protected by trade secret. Use of product advertisement or political lobbying is not consistent with the purposes of the FCSNet and is considered inappropriate. Playing online (internet) games not related to classroom instruction is not acceptable use. The network is not to be used in such a way that would disrupt the use of the network by other users. This would include downloading large files, sending mass e-mail messages, interrupting other users with the network talk or write functions, or streaming video or audio that is not of educational value. Illegal activities are strictly prohibited.

2. Privileges - The use of FCSNet is a privilege, not a right, and inappropriate use can result in cancellation of those privileges. Considering the responsible use guidelines outlined in this document, the system administrators will deem what is inappropriate use of the network and take appropriate actions. The Principal or Chief Information Officer may suspend or close an account at any time as required. They must notify the user within two weeks of the reason for suspension or termination of an account. The administration, faculty, and staff of FCS may also request the Chief Information Officer to deny, revoke, or suspend a student account.
3. Student Rights - Students whose accounts are denied, suspended, or revoked have the right to request from the Principal or Chief Information Officer a written statement justifying the actions. Students should submit a written appeal to have a meeting with the Chief Information Officer, Principal and, any other involved staff. Students who are under 18 must have a parent or guardian present at the meeting.
4. Netiquette –Students are expected to abide by the generally accepted rules of network etiquette. These include (but are not limited to) the following:
 - Being polite. The student should not write or send abusive messages to others.
 - Using appropriate language. The student should not use profanity, vulgarities, or any other inappropriate language.
 - Respecting confidentiality. The student should neither reveal their password nor login to the network using another person’s account. No attempt to bypass security to reach confidential information on FCSNet is allowed by the user.
5. Reliability – Franklin County Schools makes no warranties of any kind, whether expressed or implied, for the Internet service it is providing. FCS will not be responsible for any damage the student may suffer, such as loss of data resulting from delays, non-deliveries, or service interruptions caused by its own negligence or the student's errors or omissions. Use of any information obtained via FCSNet is at the student’s own risk. FCSNet specifically denies any responsibility for the accuracy or quality of any information obtained through its Internet services.
6. Security – Security on any computer system is a high priority, especially when the system involves many users. If the student feels that they can identify a security problem on FCSNet, the student must notify a teacher, School Technology Coordinator, Computer Technician, or the Chief Information Officer. The student is not to demonstrate the problem to other users. Attempts to log in to the system as any other user may result in cancellation of user privileges. Attempts to log in to FCSNet as a System Administrator will result in cancellation of user privileges. Any user identified as a security risk or having a history of problems with other computer networks may be denied access to FCSNet.
7. Vandalism – Vandalism may result in cancellation of privileges. Vandalism is defined as any attempt to harm or destroy data of another user including FCSNet or any of the above listed agencies or other networks that are connected to the KETS Internet backbone. This includes, but is not limited to, the uploading or creation of computer viruses.

8. Updating Your User Information – FCSNet may occasionally require new registration and/or account information from the student. The student must notify the School Technology Coordinator of any changes in their account information.
9. Further details on these and other policies and procedures can be found in the Franklin County Schools Technology Policies and Procedures document. This document is available on the Technology website, and upon request from the Chief Information Officer.
10. Exception of Terms and Conditions – All terms and conditions as stated in this document are applicable to the students of Franklin County Schools. These terms and conditions reflect the entire agreement of the parties and supersedes all prior oral or written agreements and understandings of the parties. These terms and conditions shall be governed and interpreted in accordance with the laws of the Commonwealth of Kentucky and the United States of America. Students may apply for Internet or electronic mail access by completing the Internet/Electronic Mail User Agreement and Parent Permission Form at their respective school.

The electronic resource provided to your child by the district and/or the Kentucky Department of Education (KDE) are subject to the terms and conditions set forth in District policy/procedure. Also be advised that data stored in relation to such services is managed by the District pursuant to policy 08.2323 and accompanying procedures.

You also understand that the e-mail address provided to your child can also be used to access other electronic services or technologies that may or may not be sponsored by the District, which provide features such as online storage, online communications and collaborations, and instant messaging. Use of these services are subject to either standard consumer terms of use or a standard consent model. Data stored in those systems, where applicable, may be managed pursuant to the agreement between KDE and designated service providers or between the end user and the service provider. Before your child can use online services, your child must accept the service agreement and, in certain cases, obtain your consent.
