Letter of Intent to Apply for Early Graduation 2021-2022

KRS 158.142, passed during the 2013 Kentucky General Assembly, provides a pathway to early graduation for students who intend to complete high school in three academic years or less. Beginning with the 2014-15 academic year, students who complete the Early Graduation requirements (see below) may receive a diploma from their district. Students who graduate in three years or less also are eligible for an Early Graduation Certificate, a one-time scholarship, which they may use the year immediately following high school graduation when enrolling in a Kentucky public two (2) year community and technical college or a Kentucky four (4) year public or nonprofit, independent institution that is accredited by the Southern Association of Colleges and Schools.

Clarifying Points:

- The statutory changes and regulation went into effect in the 2014-15 academic year.
- Early Graduation is defined as a student meeting the performance criteria outlined in <u>704 KAR</u> 3:305 (Section 5) and doing so in three years or less from the date of first enrolling in grade nine.
- Students must have been in high school three years or less according to COHORT YEAR, not grade level.
- Students who wish to graduate early must complete a *Letter of Intent to Apply for Early Graduation* within the first thirty (30) days of the academic year in which they want to graduate and the information must be entered into Infinite Campus (IC) and the Individual Learning Plan (ILP) no later than October 1 of the academic year they intend to graduate.
- Students should complete the online Survey for Student Success (https://www.surveymonkey.com/r/FKBGZ7G) as part of application process.
- Students must take and achieve ACT benchmarks as designated by the Council for Postsecondary Education (CPE).
- Students may take their state supported college readiness exam earlier than their junior or senior year, as provided by the regulation in Section 5.
- Students must take and score proficient on all required End-of-Course (EOC) Assessments. To meet this requirement, the Kentucky Department of Education (KDE) will provide EOCs for those students participating in the Early Graduation pathway during the 2021-2022 school year.
- Early Graduation students require consistent monitoring and counseling to ensure they are on track to
 complete the Early Graduation Program requirements. The ILP should be completed and regular meetings
 between the student, family and counselor should monitor and update student progress as required in 704
 KAR 3:305 (Section 2).
- The *Letter of Intent* is not binding; students may revert to regular student enrollment with theknowledge they have to meet the district's minimum requirements and that they <u>will not</u> be eligible for the Early Graduation Certificate.

Incentives:

Students who meet the Early Graduation requirements as specified in 704 KAR 3:305 (Section 5) shall earn an Early Graduation Certificate provided by the Kentucky Higher Education Assistance Authority (KHEAA) to be eligible for a one time scholarship award to be used at a Kentucky two- or four-year public or independent non-profit SAC's accredited college or university the year immediately following high school graduation. The award shall be equal to one-half (1/2) of the SEEK statewide per pupil guarantee for one year. For more information regarding KHEAA: https://www.kheaa.com/website/kheaa/kees?main=1.

Students who graduate from high school in three years also may receive a Kentucky Educational Excellence Scholarship (KEES) award equivalent to completing high school in four years.
